

NETPrint Pocket: 10/100 Fast Ethernet

EXTERNAL POCKET PRINT SERVER

FAST, CONVENIENT, AND SIMULTANEOUS ACCESS TO A SINGLE NETWORK PRINTER

- **Everywhere Printing™**
- 10/100 Ethernet Auto-sensing
- Peer-to-Peer Printing With Discovery
- Top-rated Web-based Management*
- Remote Port Status/Statistics
- Superior Support

Flexible Office Printing Solutions

NETPrint Pocket 10/100

Attaches directly to the printer's parallel port. Connects 1 printer; 1 high-speed parallel port, 1MB RAM, 1MB Flash memory, multiple protocol support

NETPrint Pocket 10/100 Elite

Attaches directly to the printer's parallel port. Connects 1 printer; 1 high-speed parallel port, 1MB RAM, 1MB Flash memory, multiple protocol support, including Banyan VINES.

* PC Magazine, February 1998

** Available on Elite models only

EVERYWHERE PRINTING™

- Remote Internet printing from anywhere on the planet! Working with e-mail-based protocols, users can print to any Osicom 10/100 print server across corporate LANs, WANs, Intranets, and the Internet

PEER-TO-PEER PRINTING

- Users can print directly to NETPrint-enabled printers anywhere on the network, bypassing the server. The Discovery feature "finds" NETPrints, then prints to the selected printer

EASY TO USE

- 32 bit, 33 MHz standard ARM RISC processor for fast, error-free printing
- Multiple protocols/independent support:
 - Novell NetWare
 - Windows 95
 - UNIX-TCP/IP
 - LAN Server
 - Banyan VINES**
 - Windows NT
 - Apple
 - Windows for Workgroups
- Full Novell and Banyan** support for legacy NOS and NT migration
- Supports Novell's Directory Services (NDS) and Bindery modes simultaneously, and NLSP
- Elite co-developed with Banyan and fully compatible with VINES 6, 6.x,

7.x, 8.x and VINES over TCP/IP

- Acts as a normal PCPrint service
- Intelligent Filters make LPD printing easy by eliminating the need to address printcap entries
- Supports Apple's standard Laser Writer over AppleTalk and/or TCP/IP
- Print Queues on OpenVMS, ULTRIX & OSF/1
- Hi-speed, bi-di parallel port connects
- 1MB Flash ROM: field upgradeable
- Simultaneous centralized downloading of upgrades to multiple units

MANAGEMENT CAPABILITIES

- Web-based Management for port status and configuration
- Windows-based management utility
- Remote and central management, monitoring and diagnostics
- Auto reattach if file server goes down
- SNMP compliant; MIB II

SUPERIOR SUPPORT

- 6-year warranty with warranty card
- 60-day money-back policy
- "Spare-in-the-Air" replacements
- 1-800 phone support
- FREE upgrades
- "EasyTrade" program available

NETPrint POCKET: 10/100 Fast Ethernet

EXTERNAL POCKET PRINT SERVER

PRODUCT SPECIFICATIONS

Network Topologies: Ethernet: 10BaseT and 100BaseT
Automatic Sensing of 802.3, 802.2, SNAP, Ethernet II, and Fast Ethernet

Network Operating Systems:
NetWare

TCP/IP, UNIX, V3.5+, Windows for Workgroups, LAN Server R4.5+ TCP/IP Windows NT

Apple EtherTalk/TokenTalk

Banyan VINES 6.x, 7.x, 8.x

Diagnostics:

NETPrint Pocket/Pocket Elite: Two-color LEDs show status.
Windows-based NSDOCTOR centralized management/diagnostics

Hardware:

NETPrint Pocket: 1 parallel port
NETPrint Pocket Elite: 1 parallel port
Microprocessor: 32 bit, 33Mhz ARM RISC processor

Memory:

NETPrint Pocket and Pocket Elite: 1Mb RAM, 1Mb Flash ROM

Parallel port: Centronics standard/IEEE 1284 bi-directional 36-pin port
Maximum speed: 600,000 Bps

Size:

NETPrint Pocket/Pocket Elite:
Size: 4-3/8" x 2-3/8" x 1"; Weight: 4 oz.

Environment:

32-122 °F, 5-80% humidity

Power:

120VAC or 250VAC input; 5VDC 2A output; external transformer, power consumption 20VA

Package:

NETPrint Pocket and NETPrint Pocket Elite Quick Installation Guide, Power Supply and CD-ROM with Manual/Publications: Owner's Manual, Quick Install Guide. Software: NSBROWSE, IP Peer-to-Peer Printing (Win95/WinNT), TCP/IP, Windows LPR Spooler, Win 3.1x, 95, NT, AppleTalk Admin. program and FaxWare fax sharing software for two users. Product Information: Data Sheets, Product Support Program, NetCommuter Remote Access Server. Application Bulletins

Warranty:

6 year with return of warranty card

Classifications:

FCC Class A, TUV, CSA, UL, CE Class A
